

手扶耕耘機

740 We-Action

Engine	Fuel	Starter	Power KW/HP
Honda GX390	Gasoline	Recoil or Electric	8,7 / 11,7
Yanmar LN100	Diesel	Recoil or Electric	7,5 / 10
Kohler KD440	Diesel	Recoil or Electric	8 / 10,9

The 740 Action two-wheel tractor has a gearbox with **4 forward and 3 reverse speeds in two-wheel tractor position** and **3 forward and 3 reverse speeds in motor mower position**, as well as a quick reverser of the forwarding direction. The differential with lock is serial.

The handlebar is adjustable and reversible in order to use front and rear attachments.

The engines available for this version are a gasoline engine **Honda GX390, 11.7 hp** and two Diesel engines **Yanmar LN100, 10 hp** or **Kohler KD440, 10.9 hp**.

The 740 Action has been specifically designed to increase the quality/price ratio. Versatility is still the primary feature of this model and appraises the product whether it is used for farming work or for landscape maintenance.
